Jungfraujoch – Top of Europe is one of Switzerland's most iconic mountain destinations, located at 3,454 meters above sea level and accessible via a spectacular mountain train journey through the Swiss Alps.

Information	Description
Tour name	UP. JUNGFRAU
Code produit	KTO964
Description	At Jungfraujoch, you travel through breathtaking alpine scenery to reach one of the highest railway stations in Europe. Once at the top, you enter a world of ice, snow, and panoramic views over the Aletsch Glacier, a UNESCO World Heritage Site. You can explore the Ice Palace, enjoy the Sphinx Observation Terrace, and experience unforgettable views of the surrounding Alpine peaks. It is a unique high-altitude experience combining engineering, nature, and stunning landscapes.
Duration of circuit	4h00 - 5h00
Included	Round-trip journey to Jungfraujoch Access to the Sphinx Observatory Acess to Ice Palace
Excluded	Food and Drinks Personal expenses
Complementary information	A visit to Jungfraujoch is typically a full-day experience. The visit itself lasts around 4 to 5 hours in total, allowing enough time to explore the main attractions without rushing. Longer durations may be required during peak seasons.
